Call for Papers
14th Asian Internet Engineering Conference (AINTEC) 2018,
in cooperation with ACM SIGCOMM

November 12 - 14, 2018 Pullman Bangkok King Power Hotel, Bangkok, Thailand
http://www.interlab.ait.ac.th/aintec2018/

The 14th Asian Internet Engineering Conference (AINTEC), in cooperation with ACM SIGCOMM, provides an international technical forum for experts from industry and academia. AINTEC especially aims at addressing issues pertinent to the Asia and Pacific region, with vast diversities of socio-economic and networking conditions, while inviting high quality and recent research results from the Internet research community at large. AINTEC 2018 follows the previous ten successful editions held in Thailand. The conference is single-track and features a technical program with significant opportunities for individual and small-group discussions among a diverse set of participants. The technical sessions will include invited talks by leading experts, presentations of papers, demos, posters. A student author of the AINTEC Best Paper Award affiliated in an Asian institution is eligible for the ACM SIGCOMM geo-diversity grant program to attend ACM SIGCOMM 2019.

AINTEC 2018 solicits high quality papers that improve digital communications in diverse situations including, but not limited to:

- Future Internet architectures and technologies
- Networking technologies in developing regions
- Internet measurement, analysis and modeling
- Disaster networking, including experience with earthquakes and tsunamis
- Sensor networking and applications
- Wireless, mobile and ad hoc networks
- Delay and disruption tolerant networks
- Location management and positioning
- Content diffusion with P2P, CDN or ICN
- Multimedia systems and applications
- Network operations and management
- Quantum networking
- Social networks
- Network security
- Cloud Computing and Services
- Internet of Things
- Network Acceleration
- Blockchain Technology and Applications

Paper submission

Submissions must be original, unpublished work, and not have been submitted to another conference or journal for publication. Paper length cannot exceed 8 pages in the 10pts ACM SIGCOMM format. AINTEC 2018 proceedings will be included in the ACM Digital Library. Papers must be submitted in electronic format following the instructions provided on the AINTEC Web site http://www.interlab.ait.ac.th/aintec2018/
Submission of a paper implies that should the paper be accepted for publication in the conference proceedings, at least one of the authors will register and present the paper in the conference. Authors of accepted papers must pay for their registration on or before the camera ready version deadline.
